**Hear Ye! Hear Ye! Hear Ye!**  
THE subscriber having taken the agency  
for the sale of Burdett and Bartlett's  
Greenish Castor Oil Polish, is now pre-  
pared to furnish the article to store keepers  
at Manufacturers' prices.  
This article is composed of neat fish oil  
and Gutter Percha, acting as a preserver of  
leather as well as polish. An article of this  
kind has long been needed, as every one  
knows that common blacking will not polish  
oil or leather.  
The attention of livery stable keepers, and  
those keeping carriages and harnesses, is in-  
vited to this article, as it is unsurpassed for  
the purpose of cleaning carriage tops, har-  
nesses, and for the use of livery stable keepers,  
and also smaller sizes for the use of every-  
body who wish to purchase the best blacking  
in the market.

mournful occasions.  
They have also a method of preserving a  
corpse for any desirable length of time, until  
friends and relatives can arrive from Europe  
or distant parts of our own country.  
If required they can give the best of refer-  
ences as to their mode of attending to matters  
of this kind.  
Orders for the whole or part of these ar-  
rangements are solicited, and will be prompt-  
ly executed, with the utmost regard for the

**NEW MAP OF NEWPORT.**—The sub-  
scriber has now nearly ready for publica-  
tion an entirely new map of Newport Town-  
ship, including a large part of Middletown.  
Showing all the Island South of Coddington  
Cove, and from Castle Hill to the West, to  
Sachuest Point on the East. The whole made  
from recent surveys hitherto unpublished.  
It will be the only topographical map of the  
Township yet made, and is of sufficient size  
to allow the position of every house to be in-  
dicated, and the names given of all the land  
holders without the limits of the City.  
The copy prepared for engraving, is now  
ready for inspection and corrections, as it is  
my wish to make much nearer a correct map  
than any yet issued.  
The price \$5. The size about 36x44 inches.

street by  
CHAS. E. HAMMETT, Jr.

went myself to sleep. And my dreams were pleasant, for I was wandering amid the flowers, the birds were singing around me, and I was happy. I was in the garden by the new house.

#### CHAPTER II.

The new house with its grove, with its garden, the birds, and the flowers. Oh, how I loved the place, and here I had my favorites, I had my favorite flowers, my walks, and my arbor, where the honeysuckles hung in wild profusion around me, mingling its sweet perfume with the air. I had my favorite flowers that I tended with a gentle hand, flowers whose growth I watched with care, and as the buds came forth in all their beauty, I'd smile to think how soon they would be beautiful blooming flowers.

I had a favorite old tree that stood just beside the gate, and underneath that tree I had placed a rude bench, where I could sit down almost hidden from view by the thick bushes that grew around me, and peep at the people that chanced to pass along the dusty road. I had a favorite robin that had built its nest in the branches above me, and it would sit and sing its songs for me most joyously. And here too, when tired with labor in the garden, I could hold communion with Him who created all the lovely things, and I was happier than I had ever been before.

The first week had passed by. Mr. Denbigh had been there and spent the Sabbath with us. I was sitting in my retired little nook when he was going away. It was near twilight. He had bade adieu to my father and mother, and also to my sister, as he came out of the cottage door. I heard his footsteps as he came down the walk toward the gate, and, fearing he might see me, I endeavored to pull some of the bushes in front of me, so as to hide my person. I suppose, in my hurry, I must have made considerable noise, for when he arrived opposite the place he paused suddenly, and directed his gaze towards my retreat. I could see him plainly, and he must have caught a glimpse of me, for he came directly towards the spot, purled the bushes, then, bursting into a loud laugh, he exclaimed:

"Well, I declare! if this isn't the coziest little nook about the grounds. Here I have been waiting the whole afternoon to see you, and nobody could tell me where you had gone. But I've found you at last, and although it is late, I am going to sit right down on this bench beside you, and have a pleasant chat before I go. Four miles to walk by moonlight will hullo, is it?"

(To be continued.)

THE ILLEGALITY OF USURPING A MEETING.—Judge Brady has decided that when one party hires a hall, and calls a meeting for a specific purpose, no other party has a right to take possession of the hall before the hour named in the call, organize a bogus meeting, and pass resolutions diametrically opposed to the views of the persons who originated the assemblage. The case in point was a meeting called by Messrs. Joseph Blunt, Daniel W. F. Havemeyer, Peter Cooper, and others, on February 16, 1857, at the Cooper Institute, to condemn Legislative grants of city railroad franchises. The meeting was to be organized at half-past seven; but before that hour, James Kerrigan and a party of his friends arrived, took possession of the platform, put Mr. Richard Mott into the chair, and passed a series of resolutions in favor of the very grants that Messrs. Blunt & Co. wished to denounce. As a consequence, the regular meeting was broken up, although the bogus proceedings were all over before half-past seven o'clock. Mr. Blunt brought suit against Messrs. Mott and Kerrigan, to recover \$120 and costs, paid for the hire of the hall, and Judge Brady has decided that he is entitled to recover.

DISSEMINATING ACCIDENT.—At about noon yesterday, as Mr. Andrew Laneragan, of the firm of Sanderson & Laneragan, pyrotechnists, was testing a fog-gun, it exploded in consequence of bad casting. A piece of the gun entered his breast, breaking one of his ribs and lodging in his lungs. Mr. Laneragan was taken to his residence, and Dr. Hooker was called. The wound was probed by the Doctor, but the piece of iron could not be found. Since three o'clock Mr. Laneragan has been under the influence of Morphine. At a late hour last evening he was alive, but it was thought that he could not live until this morning.—Boston Advertiser, 23d.

Loss of the Steamship Hungarian, with all on board.—The steamship Hungarian, which left Queenstown for Portland on the 9th inst., ran ashore on the west of Cape Sable on Sunday night, and was totally wrecked. All her crew and passengers, it is supposed, are lost. Last evening but a small portion of her hull was visible. One passenger ticket was picked up upon which was the name Ellen Sheehan.

Col. Sandee, of the Overland Survey, as he has ridden forty-eight hours on a mule without rests; fought the Indians the Mormons and grizzlies; gone three days without food; walked thousands of miles about over alkali plains, but never knew what it was to be miserable before he suffered from sea-sickness.

A stone has been taken from the monument of Napoleon the Great, at St. Helena, and presented to the American Consul there, by order of the French Emperor, to be placed in the Washington monument at Washington.

Mr. Daniel Fanshaw, one of the oldest printers in the United States, and one of the wealthiest of the craft, died at his residence, in Yorkville, on Monday evening.

#### LOCAL ITEMS.

Grand Military and Civic Ball.

Through the courtesy of the Committee, we received an invitation to this fête, and owing to the politeness of the managers, our brief stay was made particularly pleasant. The music was furnished by Gilmore's Band—five performers—who, notwithstanding their previous labors upon the road, were furnishing, when we left, delightful sounds to those who were "tipping the light fantastic toe." The programme had upon it 22 dances, a formidable list to ordinary players, albeit the dancers might think it joyful, in prospect. But Gilmore and his assistants took it coolly, while the dancers took it warmly. The Armory was decorated in remarkably good taste. The cornice was lighted the entire circuit of the Hall, by small burners, giving the whole room a subdued yet beautiful, pleasant appearance, and adding to the fine effect of the beautiful dresses of the ladies, and brilliant uniforms of the soldiers. The decorations by flags were few, which was in better taste than is usual on such occasions, for flags are destructive to music, besides making the calling of dances very laborious, and difficult to be understood. When we left, pleasure was at its flood, and we learn that the festive scene only closed at 5 o'clock next morning.

#### Artillery Company.

This body, having made efforts for two or three years past, to obtain a salute from the State, without success, have decided to obtain them without that assistance. We are pleased to know, that gentlemen outside the organization, learning of the wish of the corps, have generously subscribed a large proportion of the expense. We hope that others of our citizens will follow the generous example thus set, until the whole amount is raised, and the salutes are presented, a clean gift, to the officers and men. Here is a fine field also, for the ladies to manifest their appreciation of gallantry. In so doing, they will but imitate the conduct of their fair sisters in another part of our State, within a few weeks past.

All of those disposed to aid a public-spirited body of men, in a common cause, can easily find the subscription list, and swell the amount by judicious assistance. Are there not many who will do it?

The only case as yet given to the petite jury, in the Supreme Court, is John J. Allan vs. George B. Hazard. Van Zandt and Gilpin for plaintiff, and Potter and Peckham for defendant. Thursday, case opened, testimony heard, and debate summed up. Friday, Van Zandt closed for plaintiff, and jury retired about half past ten.

The Grand Jury reported yesterday afternoon. They were prevented from reporting earlier, by one of their number being absent, on board the Empire State, detained in the fog. The criminal docket will be taken up this morning. Short is indicted for burglary at the Atlantic House, and will first be tried upon that charge. W. H. Craighton, Attorney General, Van Zandt and Rice for defense. The Court will be here through the most of next week. There are 12 indictments against Short.

The Court gave an opinion, Thursday, in several suits pending, in which stockholders of the "Newport Mill Corporation" are defendants. The opinion was slightly favorable to the plaintiff, but the main points were left undecided.

There were also 6 indictments against other parties. The crowd was almost unprecedented.

DONATION PARK.—Tilley, our enterprising Periodical Dealer, has started a subscription paper, the sum raised from which, is to be given to Richard B. White, the colored porter of the Atlantic House, who was severely injured by an attack from the celebrated burglar John G. Short. Through the agency of White, we understand, the community are, in part, indebted for the capture of Short.

The paper can be seen at Tilley's, and we hope will receive general attention from our citizens.

William A. White, Esq., of this city, was, yesterday, in the Supreme Court, admitted to practice in all of the Courts of this State.

There will be service at the Mill Street Church, to-morrow evening at 7 o'clock.

#### GENERAL ASSEMBLY.

JANUARY SESSION—IN PROVIDENCE.

THURSDAY, Feb. 23.

Senate.

Mr. Bayley, from the Committee on the Judiciary, reported back the act in amendment of chapter 105 of the Revised Statutes—"Of the Lien of Mechanics."

After considerable discussion, in which Messrs. Burgess, Currier, Larkin, S. Peckham, Cooke of Warren, Bayley, Bagley, Haskell, and Lieut. Gov. Turner, took part, the bill was laid upon the table for the present. The bill provides that the party who furnishes material shall have the same protection under the Lien law that he does who furnishes labor only. This excited a long discussion, and so far as the debate was concerned, Mr. Burgess fought for its single-handed, Mr. Bayley yielding his assent to its passage.

Mr. Bagley, who moved its passage, said he did so merely to provoke discussion, but finally spoke against it.

Mr. Fairbrother, from Committee on Corporations, reported back the petition of W. C. Cozzens and others, for amendment of charter of the Savings Bank, of Newport; the Committee recommended to concur with an amendment. The report of the Committee was accepted and the Senate concurred.

Mr. Greene, from the Committee on Finance, reported back the petition of W. W. Turner, and presented an act in amendment of Chapter 57 of the Revised Statutes—"Of the care of the Deaf and Dumb."—Read, rules suspended, passed in a second reading, and act passed.

Mr. Haskell presented a resolution that the General Assembly adjourn on Friday, March 2, to meet according to law. Read and laid upon the table for the present.

The House concurred on the passage of the resolution.

Mr. Butler, from the Committee on the Militia, reported favorably upon the resolution directing the sale of the ball cartridge case, and the resolution was adopted.

Mr. Dixon, from the Committee on the Judiciary, reported favorably upon an act in amendment of Chap. 136—"Of the property of married women and the disposal thereof"—being a substitute for the 20th section. The act was read and passed.

Mr. Baker presented the petition of the Warren Artillery for an appropriation. Referred to the Committee on Finance.

Mr. Butler, from the Committee on Militia, reported favorably upon the act in amendment of Chapters 233 and 234—"Of the militia, and the act was passed."

Mr. Hartwell, from the Committee on Education, reported favorably upon the petition of the Second Free Will Baptist Church of New Shoreham for change of name, and the petition was granted and accompanying act passed.

Mr. Sanford presented the remonstrance of Stephen Brownell and others, Geo. A. Howard and others, Earl Carpenter and others, and Lewis P. Child and others, against horse railroads in the city of Providence. Referred to the Committee on Corporations.

Mr. Barnes favored the petition of C. C. Dexter and others for amendment of act in relation to the inspection of lime. Referred to the Committee on the Judiciary.

Mr. Hubbard called up the report of the joint special committee on the boundary line between Providence and North Providence. The report was read.

The report was allowed to lie on the table for the present.

Mr. Hubbard gave notice of an act in amendment of chapter 171 of the Revised Statutes—"Of the Reporter and Reports of Decisions of the Supreme Court."

The House then adjourned.

#### THIRTY-SIXTH CONGRESS.

FIRST SESSION.

WASHINGTON, Feb. 21.

Senate.

Mr. Seward (Rep. N. Y.) introduced a bill for the admission of Kansas into the Union, and it was made the special order for Wednesday of next week. Mr. Doolittle (Rep. Wis.) presented a memorial from the Wisconsin Legislature, complaining of the impositions practiced upon the Menomonee Indians, and asking for the law to protect them. On motion of Mr. Hann (Dem. Cal.) an inquiry was ordered as to the expediency of making a survey of the silver and other mines on the eastern slope of the Nevada Mountains. Also, as to granting the proceeds of the Nevada-Madison quicksilver mines to California, toward building a railroad from the Pacific, which was laid over. Mr. H. also introduced a bill to appoint an agent to take care of those mines. Mr. Mason (Dem. Va.) from the Harper's Ferry Committee, reported a resolution to bring Thaddeus Hyatt before the bar of the Senate, to answer for contempt for refusing to appear and testify before the Committee. After debate, the resolution was adopted. On motion of Mr. Hale (Rep. N. H.) the President was called upon to state whether Peru had fulfilled her treaty obligations. Mr. Bigler (Dem. Pa.) moved an inquiry into the expediency of having the Senate confirm the appointment of Captains in Navy, and increasing the pay. Adopted. The Senate then took up the bill to authorize the sale of public armories to the several States and Territories, and to regu-

late the appointment of Superintendent of Armories. After debate, the subject was postponed. The District of Columbia Bank-Note act was then taken up, and after a short debate was laid aside. The Senate then adjourned till Thursday.

#### HOUSE.

Mr. Smith (N. C.) corrected the statements which had been freely made during the contest for the Speakership, claiming him with the American organization. He said he had never been a member of that organization, but was a Whig. Mr. Morris (Dem. Ill.) from the Committee on Roads and Canals, introduced a resolution which caused much excitement, giving the assent of Congress to the action of the States of Louisiana, Texas, and Arkansas relative to the removal of the Red River raft by imposing tonnage duties. The resolution was finally recommitted to the Committee on Roads and Canals. Mr. Washburne (Rep. Ill.) submitted a majority report in favor restoring the old seats and desks in the House. Mr. Miles (Dem. S. C.) submitted a minority report. The question being taken on the reports, that of the majority was adopted. Mr. Hoard (Rep. N. Y.) moved an inquiry whether any improper attempts to influence legislation in the House have been made by persons in the Executive Department. Objection being made, Mr. H. withdrew his resolution for the present. On motion of Mr. Washburne (Rep. Me.), the election of printer was postponed till Thursday.

The House then went into Committee of the Whole on the State of the Union. Mr. Lamar (Dem. Miss.) addressed the House relative to the politics of the day. He was followed by Mr. H. W. Davis (S. A. Md.), in response to the action of the Maryland Legislature respecting his vote for Speaker Pennington. Adjourned to Thursday.

The following occurred in Lyons, Wayne Co.: A "gentleman" finding himself out of wood, the other night, took the liberty of borrowing a few sticks from a neighbor's woodpile; and it so happened that he got the very stick (among others) which said neighbor had charged with gunpowder the day before. The loaded stick was put upon the fire, and the assembled guests began to rejoice in an augmentation of color, when crash went the stove, and down came the pipe and other fixings upon the affrighted company. One person, it is said, was hit upon the chin with a fly-away grid-dle, another's skins were badly barked with a wouldn't-stay-will damper.

Lawyer Sennott, of Boston, is to appear before the Legislative Committee, at Richmond, in behalf of Stevens, with a view of obtaining a pardon. Mr. Sennott goes upon the invitation of Gov. Letcher, with the promise that the subject shall receive his careful attention. The Judge and the Prosecuting Attorney who tried the case will unite in the supplication for mercy.

The Florida case that on Monday of last week, in Tallahassee, a bolt of lightning struck the roof of Col. Fisher's residence, and passed through to a room below, hitting a young lady, Miss D. Janier, who was sitting at the time in a chair, and the young lady striking her on the side of the head, rendering her at once insensible, and setting her clothing on fire. She was fatally injured.

Our country is the largest producer of gold in the world. Even the earliest history of the United States up to the year 1848, the total product of gold in this country was but a fraction over fifteen millions, and this was spread over a period of 70 years. Since 1848, there has been produced in the United States over \$560,000,000 worth of gold.

A Detroit step-mother was sent to jail for three months, last week, for abusing the son of her husband by a former wife, first by nearly starving him to death, and lastly by knocking him down with a flat iron; the poor boy is nearly an idiot under his sufferings.

The Supreme Court of Ohio is now occupied with a case involving interests to the amount of \$10,000,000. It is the case of Geo. S. Coe, trustee against the Columbus, Piqua and Indian Railroad Company, being an endeavor to foreclose certain mortgages. It excites considerable attention.

A person by the name of Frederick Southgate Brown has petitioned the Louisiana legislature to allow him and his family to change their names. The reason given for the request is that there is an undignified stigma attached to the name of "Brown," consequent upon the actions of "Old John" at Harper's Ferry.

The English papers announce the disappearance of Kosuth from London. The Birmingham Post, in commenting on the fact, says there can be but little doubt that he has gone to Hungary with revolutionary purposes.

The Mobile Tribune records the marriage on the 1st instant, at the residence of the bride, (Choctaw County, Ala.) "in the prime of youth," Mr. Charles W. Pate, aged about 64 years, to Mrs. Elizabeth Conn, aged 36 years.

At a sale of real estate in London, the property sold at the rate of \$4,000,000 per acre.

#### FOUSEL'S PABULUM VITÆ.

THE GREAT FRENCH REMEDY, for the speedy and permanent cure of Consumption, Bronchitis, Coughs, Croup, and all Pulmonary Diseases. This celebrated specific is now universally acknowledged to be infinitely superior to all other preparations for the cure of Pulmonary Disease, both from its innocent nature and its most astonishing curative properties; it being the only remedy known that will arrest the development of Tubercles in the Lungs, or restore the vital functions of the pulmonary organs to their normal condition. Its invaluable properties have obtained for it the highest recommendations and praise from some of the most eminent physicians and chemists in the country; while the best and surest proofs of its merits are afforded by the numerous testimonials of its great efficacy in conquering disease, which are constantly received from our most respectable citizens. Invalids in all stages of pulmonary disease should not fail to give it a trial, as it can be administered to the most delicate and feeble with perfect safety and certain relief; and we herewith insert a few testimonials for their encouragement, selected from hundreds of like ones.

Certificate of Dr. A. A. HAYES, in reference to the unequalled virtues of this great discovery. This preparation, by chemical analysis, was proved to be free from opium or any of its compounds; nor were any of the alkaloids present. It does not contain any mercurial or mineral substance, but consists wholly of volatile, diffusible agents, which afford vapors freely at a moderate temperature. Most of the substances present are efficiently used in alleviating pulmonary disease; but the device by which they are combined is new and original, and adapted to the purpose of inhalation, or other modes of administration.

Respectfully,  
A. A. HAYES, M. D., State Assayer,  
10 Bay Street, Boston, Dec. 19, 1857.

TESTIMONIAL from the Assistant Superintendent of Health.

Boston, Oct. 5, 1859.  
Sir:—It affords me great pleasure in recommending to those troubled with Pulmonary Complaints the use of Fousel's Pabulum Vitæ; and my own experience has shown that for Coughs and Colds it possesses qualities of great merit, and I would most cheerfully recommend it to those troubled with the above complaints, as common to our climate.

Respectfully yours,  
DANIEL B. CURTIS.

To F. J. LAFORCE, Room 12, City Hall.

F. J. LAFORCE, Esq.

Dear Sir:—I can certify that I have used Fousel's Pabulum Vitæ, and I consider it the best article that I have ever used for pulmonary complaints. My wife has used it for several colds, and its effect was magical; and I have no objection to your referring in any way to me that you deem expedient. I have given the above named a fair trial, and with confidence advise all that are afflicted with colds or pulmonary complaints to try it.

## Medicines.

**DR. MATTISON'S  
REMEDIAL INSTITUTE,**  
—FOR THE TREATMENT OF—  
**Special Diseases,**  
No. 28 Union St., Providence, R. I.

Cures given full information with references and test-  
imonials, sent by mail. Also a Pamphlet on Diseases of Women  
who consult on Private and Chronic Maladies generally,  
and free by enclosing a stamp to Dr. H. N. MATTISON, as  
above.

Dr. M. is a thoroughly educated physician of fifteen years  
experience, who has devoted his whole attention to the cure of chronic  
diseases, at a distance, therefore, having any important and  
difficult case in this specialty will spare much time and expense  
by applying personally or by letter, to the REMEDIAL  
INSTITUTE.

**A WORD TO INVALIDS.**

All who have any serious or troublesome  
disease will very naturally seek advice some-  
where, and this leads me to say a few words  
on the choice of a physician. And first, let  
all quacks, impostors and humbugs alone. If  
you have an intelligent physician in your vi-  
cinity apply to him immediately, and follow  
his directions explicitly, and for a sufficient  
length of time, and he will probably cure  
you; if not, then apply to one who makes  
your disease a specialty, and no physician in  
general practice, no matter how eminent, can  
treat a given disease, or class of diseases, as  
successfully as one of the same ability who  
makes such diseases a specialty, and devotes  
his whole attention to them. Educated phy-  
sicians hitherto have stood aloof from mak-  
ing private diseases a specialty, and hence  
they have been monopolized by quacks.  
The fear of losing caste in society, or of be-  
ing classed among charlatans by the profes-  
sion, has led to long stunts in the way of this  
most desirable result. What distance is  
there in treating a class of diseases specially  
that all physicians treat in general practice?  
Ricord of Paris, and Aclon of London, both  
make Private Diseases a specialty, and yet  
their names are an enviable as it is world-wide.  
It is in fact the only remedy for one of the  
most serious and destructive systems of  
quackery in private disease, to connect all  
the larger cities throughout the country.  
But to return. I said let quacks and im-  
postors alone. Their advertisements fill the  
newspapers and are well calculated to deceive  
the inexperienced, made up as they are of  
the most extravagant pretensions, but with-  
out a shadow of evidence of the truth of what  
they say. Advertising in itself is no sin, but  
deceptive advertisements are an abomination,  
and no conscientious physician is entitled to  
any confidence whatever who does not give to  
the public the most undoubted guarantee  
both of his honesty and his skill.

In offering my services in a specialty  
which has heretofore been almost exclusively  
in the hands of impostors, I ask no man to  
employ me who is not fully convinced that I  
shall treat him courteously, deal honestly  
and with the strictest fidelity, and give him  
the best possible chance for a speedy and  
permanent cure.
